Office sought: SCRHOA BOARD OF DIRECTORS

Occupation: RETIRED – FORMER CEO OF INSURANCE COMPANY

Candidate's Goal:

I have served on the Board for the past four years and was appointed President this past year. I am dedicated to continuing the enhancement of Spring Creek Ranch as a premier residential community. During the past years this has entailed establishing a major improvement program for the Harvest Dance townhomes, improved infrastructure, initiation of a wildfire defense project, establishment of guidelines and regulations to provide for the safety, security and quality of life of all residents, etc.

Looking forward, significant improvements are contemplated for the Spirit Dance townhomes, implementation of a comprehensive wildfire defense plan is about to begin, improved security arrangements are in the planning stage, and redevelopment of the existing, tired Spring Creek hotel units via a complete renovation or new hotel structure is expected to be forthcoming with a new hotel management company. All of this will enhance Spring Creek Ranch for the benefit of all property owners in the years ahead.
