Candidate's Goal:

My husband and I have owned property in Spring Creek since 2004 and have made it our full time home for the past 7 years. We have grown roots in Jackson and have made many good friends here.

I care for our community- not just the physical aspects which are irreplaceable, but more importantly for the social aspects which are beyond measure.

Our infrastructure needs good management. I was a property manager for 30 years so I feel I'm qualified to work with our management to maximize our resources. I would highlight my career in Real Estate development and management in which I rehabilitated 2 office buildings in SF, built a new office building also in SF and did a rehabilitation of a retail development in Old Town, Pasadena, California. I also managed 5 office buildings in SF which included leasing, maintaining and overseeing tenant improvements.

In addition, since 1985 I have been on numerous Boards, both for profit and nonprofit. The for-profit boards include Golden West Financial Corporation, The Pacific Bank and KOA Inc. The nonprofit boards include The San Francisco Zoological Society, KQED, a Public Broadcasting Station and The Asian Art Museum of San Francisco.

I believe we can do more for our community socially as well, and if Covid 19 ever relents, hope to explore more ways for our community to come together
